

Safety Guidelines

Master Promotions Ltd. is committed to provide a safe trade show environment for our attendees, exhibitors, suppliers, and staff. The guidelines have been developed in consultation with Aitken University Centre.

As part of our commitment, we have developed safety protocols and best practices surrounding response and prevention measures and are being updated as more information and guidance becomes available.

All Participants

- Hand sanitizer stations will be placed throughout the show that will be accessible for all attendees.
- The event space will be cleaned more frequently, and daily disinfecting will take place to sanitize public areas.
- First aid personnel will be onsite and available to help individuals who do not feel well.

Exhibitors

- Exhibitors traveling to NB from outside the province please review the following information - <https://www2.gnb.ca/content/gnb/en/corporate/promo/covid-19/travel.html>
- We recommend sanitizer and signage requesting visitor sanitize prior to touch any items in your booth area.
- If any exhibitor staff feel sick, experiencing any symptoms or exposure, please do not come to the show.

We are carefully monitoring the government guidelines and public health regulations to ensure the trade show will be a safe place to interact and conduct business.

If you have any questions or concerns, please contact Brian McKiel – bmckiel@mpltd.ca
